Ramadan Countdown: 11 Days

COUNTDOWN TO RAMADAN

THE PROPHET AND THE SPIDER—THE STORY OF HIJRAH

This story of the seerah is good for the children to gather around, waiting for the story to unravel. A story about a man, a Prophet, running away – an escape plan – they are being hunted down – but there is a resolve – a new place – a peaceful place – called Madinah.

The Prophet (peace and blessings be upon him) who was accompanied by his best friend, Abu Bakr (RA), started their journey in the depths of the night. They managed to escape Makkah, despite being hunted down into the desert outside of the village. They took refuge in an empty cave. It was late at night and they were in danger from the Quraysh who were against the Prophet (SAW) teaching about the religion of Ibrahim. Alhamdulillah, God is the Most Merciful.

While in the cave they were nearly caught by the Quraysh...their assassins who were hot on their heels. Then, there was a spider. It spun a web around the mouth of the cave to protect the Prophet Muhammad (SAW) and Abu Bakr Siddique (RA). Some of the Qurayshi people came by the cave in their pursuit and they saw a spider's web so thick and dense at the mouth of the cave it would have been days and days of work. There was no doubt to the assassins that the two men could not have hidden in the cave with such a large spider web in front of it.

What? A spider saved the Prophet (peace and blessings be upon him)? Through all creatures and all things on earth does God make things possible. All animals, all jinn, and all things are created by God and to Him will we all return and through them His will is done.

Source: [<http://aboutislam.net/family-society/moms-dads/prophet-spider-story-hijrah/>]

The Companions asked the Prophet:
"Shall we be rewarded for showing kindness to the animals also?" He said,
"A REWARD IS GIVEN IN CONNECTION WITH EVERY LIVING CREATURE".
(Riyad as-Salihin Book 1, Hadith 126)

Do you not see that everyone in the heavens and the earth glorifies Allah including the birds with wings spread out?
Each one knows his Salah (prayer) & method of glorification.
And Allah has knowledge of what they do.

PTO Fundraising

March 16th—May 25th

**New Playground
with safer floor**

INFO@DARUNNOOR.ORG | 404—876—5051
DARUNNOOR.ORG | ALFAROOQMASJID.ORG

PTO is seeking help from all students, parents, and community members of DNA/Atlanta Science Academy to replace the existing out-of-date, broken playground. Please help us by collecting donations from friends, family and businesses.

We received an estimate from a highly recommended company to install the playground with a safer floor for our children. The cost is almost \$30,000. So far, we have collected \$16,000.

- Chocolate sale - \$3,000
- Donations from generous donors - \$11,000
- PTO Hot Lunch - \$2,000

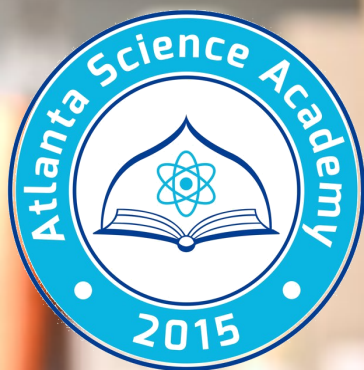

Our goal is to raise another \$15,000 so we can install the playground during Summer break.

With your help we can reach this goal easily.

Win an ice-cream party for your class by having a 100% participation of at least \$5.00 each student. The highest fundraising class will be rewarded with a pizza class party.

Donations will be collected every Friday morning to record class totals for that week.

Thank you for enriching the lives and education of all our children by supporting the DNA PTO.
